CITY OF BETHEL, ALASKA

ORDINANCE #21-44

AN ORDINANCE BY THE BETHEL CITY COUNCIL EXTENDING ORDINANCE 21-31 TESTING AND QUARANTINE MANDATES AND EXEMPTIONS

WHEREAS, the United States Centers for Disease Control and Prevention (CDC) has identified COVID-19 as a significant public health risk;

WHEREAS, the Yukon-Kuskokwim Delta region is home to over fifty (50) small and remote communities which are located off the road system and which have limited medical infrastructure;

WHEREAS, since May 2020, the Yukon-Kuskokwim Health Corporation (YKHC) has offered voluntary COVID-19 testing at the Bethel Airport for all persons arriving from outside the Yukon-Kuskokwim Delta region to Bethel and has increased accessibility to testing on its campus;

WHEREAS, in mid-December, YKHC received its allocation of COVID-19 vaccine from the State of Alaska, and began offering vaccinations to residents of the Yukon Kuskokwim Delta region;

WHEREAS, Bethel City Council finds it is necessary to apply state public health mandates regarding travel to Bethel in order to contain the transmission of COVID-19 within its borders;

WHEREAS, Bethel City Council has the authority to implement temporary local travel mandates relating to air travel to Bethel from outside the Yukon-Kuskokwim Delta region to mitigate COVID-19 within its borders and to protect the health of its residents based upon the following:

- Federal, State, and Local authorities have declared COVID-19 to be a public health disaster emergency;
- AS 26.23.020(e), the State of Alaska Operations Plan, and the City of Bethel Emergency Operations Plan enable the City of Bethel to respond in times of a public health emergency;

- According to AS 26.23.060(h), a “political subdivision” permitted to act under AS 26.23 includes a municipality like Bethel, which has adopted and exercised certain “health and safety” and “public peace, morals, and welfare” powers both through its Emergency Operations Plan and under Titles 1, 8, and 9 of the Bethel Municipal Code;
- The “City of Bethel COVID-19 Emergency Rules and Procedures” adopt temporary requirements that are necessary and reasonable to protect public health and safety within the City and are narrowly tailored to limit the impact of these measures on the economic and personal liberties of all individuals and entities to which they apply;
- The Alaska Constitution, article X, section 1, provides that a liberal construction shall be given to the powers of local government units.
- Alaska Statute 29.25.030 expressly grants local communities the authority to adopt an emergency ordinance to meet a public emergency;
- Alaska Statute 29.35.260 permits a city outside a borough to exercise a power not otherwise prohibited by law;
- The Alaska Attorney General issued a guidance statement supporting a second-class city’s authority to enact local mitigation measures during a public health emergency;
- The Governor and the Department of Health and Social Services have recognized the heightened risk of COVID-19 to residents of small, remote communities with limited medical infrastructure, and have supported a policy that provides small communities with the flexibility to enact public health mandates tailored to their particular circumstances.

WHEREAS, we must take steps to continue to protect our community and region from further harm and loss;

WHEREAS, taking the free vaccinations available and recommended by our medical and health professionals is a significant way to lower the positivity rate;

WHEREAS, two FDA-emergently-authorized and recommended vaccines that are shown to be highly effective at preventing COVID-19 are now available (Pfizer-BioNtech’s COVID-19 vaccine and Moderna’s COVID-19 Vaccine);

WHEREAS, if someone has been vaccinated, they are less likely be positive for COVID-19; clinical trials indicate that the Moderna vaccine is 94.1% effective and the Pfizer-BioNTech is 95% effective at preventing laboratory-confirmed COVID-19 illness in people without evidence of previous infection;

WHEREAS, the CDC confirms that acquiring COVID-19 naturally may offer some natural immunity against COVID-19 and that current reinfection with the virus that causes COVID-19 is uncommon in the 90 days after initial infection; however, it is unknown how long this natural immunity protection lasts, and the risks of severe illness and even death from COVID-19 far outweigh any benefits of natural immunity;

WHEREAS, on February 10, 2021 the CDC released new regulations allowing those that have received the suggested vaccinations can be exempt from the quarantine requirements following two weeks after their second shot;

NOW, THEREFORE BE IT ORDAINED by the City Council of Bethel, Alaska, as follows:

The Bethel City Council hereby adopts the City of Bethel Emergency COVID-19 Rules for Traveler Testing upon arrival to Bethel as follows:

Section 1. Travel Prohibited. Anyone who is currently infected with SARS-CoV-2 virus must not travel to Bethel until they are cleared from isolation by a medical professional or unless otherwise authorized by a medical professional for medical reason or detained by State of Alaska Department of Corrections.

Section 2. Testing Isolation and Quarantine Requirement. When traveling to Bethel:

- i. The traveler should get a ~~molecular~~ test for SARS-CoV-2 within 72 hours prior to travel to Bethel and be able to present upon arrival into Bethel proof of that negative test. The traveler should avoid commencing travel to Bethel without a negative test result in hand.
- ii. If a traveler cannot get tested prior to traveling to Bethel, if the test result is unavailable upon arrival, or if the traveler was outside of Bethel for less than 72 hours, the traveler must get a ~~molecular~~ test for SARS-CoV-2 upon arrival to Bethel. If at the time of arrival, a testing location is not open or available, the traveler must get tested at the next available opportunity. All travelers without a negative test upon arrival to Bethel shall follow strict social distancing for seven days or until they receive a negative result.
- iii. If traveler remains in Bethel for seven days, on the seventh day, the traveler shall get a ~~molecular~~ test for SARSCoV-2 and follow strict social distancing until negative test results are received.
- iv. If the traveler does not get a ~~molecular~~ test for SARS-CoV-2, they must follow strict social distancing for 10 days following arrival into Bethel.

Section 3. Testing Exemptions.

- i. An asymptomatic traveler who has recovered from a documented SARS-CoV-2 infection within the past 90 days is exempt from travel testing.
- ii. Children age 2 and under are exempt from the testing requirement.
- iii. If a traveler arrives in Bethel, and can show provide proof of being fully vaccinated, the traveler is exempt from the City of Bethel Emergency COVID-19 Rules for Traveler testing.

Section 4. Quarantine Exemptions.

- i. Critical Infrastructure Workers (CI) are exempt from strict social distancing requirements when traveling or returning to Bethel however, CI workers shall stay masked and socially distance from community residents, limit entry to facilities that are not part of the CI workers worksite or lodging. CI workers do not need to coordinate entry with the City of Bethel.
- ii. If a traveler arrives in Bethel, and can show provide proof of being fully vaccinated, the traveler is exempt from the City of Bethel Emergency COVID-19 Rules for Traveler Isolation and Quarantine Requirements.

Section 5. Definitions

"Critical Infrastructure Workers" means the Cyber and Infrastructure Security Agency (CISA) "Guidance on the Essential Critical Infrastructure Workforce." [Guidance on the Essential Critical Infrastructure Workforce: Ensuring Community and National Resilience in COVID-19 Response \(cisa.gov\)](https://www.cisa.gov/essential-critical-infrastructure-workforce-ensuring-community-and-national-resilience-in-covid-19-response)

"Fully Vaccinated" means:

- a. Two weeks after the traveler's second dose in a 2-dose series, like Pfizer or Moderna vaccines, or
- b. Two weeks after the traveler's single-dose vaccine, like Johnson & Johnson's Janssen vaccine.

"Strict Social Distancing" means:

- a. An individual may not enter restaurants, bars, gyms, community centers, sporting facilities, office buildings, and schools or daycare facilities, and/or may not participate in group activities with people outside of your immediate household.
- b. To be in outdoor public place, an individual must remain six feet away from anyone not in their immediate household, and they must wear a face covering. The individual may arrange curbside shopping or have food delivery.

"Traveler" means any person arriving or returning into Bethel regardless of point of entry, point of departure, whether by air or ground but only if the traveler has come in contact with people that do not reside in Bethel during their travel.

Introduced by: Council Member Barr
Introduction and Public Hearing Date: September 20, 2021
Action:
Vote:

Section 6. Classification. This ordinance is not permanent in nature and is a non-codified ordinance that shall not become part of the Bethel Municipal Code.

Section 7. Effective and Expiration Date. This ordinance is effective immediately upon adoption by the City Council and shall remain in effect for a period of sixty (60) days.

ENACTED THIS 20th DAY OF SEPTEMBER, 2021 BY A VOTE OF _ IN FAVOR AND _ OPPOSED.

Michelle DeWitt, Mayor

City of Bethel Action Memorandum

Action memorandum No.	21-28	
Date action introduced:	September 20, 2021	Introduced by Council Member Springer
Date action taken:	Approved	Denied
Confirmed by:		

Action Title: Authorizing the City Manager to amend the proposed Coronavirus Local Fiscal Recovery Fund Budget for Tranche #1 to allocate funding support to and invest in the KYUK 640 AM antenna replacement.

Attachment(s):

Amount of fiscal impact:		Account information:
\$250,000	Funds have been accepted by the City	66-70

Summary Statement

The City of Bethel finds it necessary to invest in the longevity of the services provided by our local public media partner, KYUK.

KYUK has served the Yukon Kuskokwim region for decades, transmitting news and information to close to 23,000 people in 36 communities. The nonprofit recently discovered that their 640 AM antenna tower is becoming unstable and sinking into the ground, threatening the tower's longevity. The Region relies on KYUK's continued transmission and the community organizations that benefit from KYUK can and should come together to help support our community partner and ensure continued effective and efficient distribution of lifesaving information.

In our region's ongoing response to COVID-19, KYUK disseminates emergency notices and orders; airs radio shows related to health and the impacts of COVID-19; and provides call-in shows for our residents to ask questions of our local healthcare team in both English and Yugtun. The services KYUK provides cannot be duplicated or replaced. KYUK gives residents with limited to no cable or internet access the opportunity to become and stay informed on COVID-19 and other emergency news like flooding and fires that impact their community. Additionally, local radio broadcasting plays a vital role in building our communities by bringing the needs of our region to the attention of not only local and state governments, but to the federal government as well, which has resulted in significant financial contributions to many local projects that may have otherwise gone unfunded.

KYUK's mission is to educate, stimulate, and inform the public by providing cultural enrichment, entertainment, and an opportunity for public access and Yup'ik language maintenance for cultural longevity. KYUK has long been a community partner that has and will continue to put our region's needs first.

The City of Bethel will receive a total award of \$1,589,809.31 from the American Rescue Plan Act of 2021. The City has received the first tranche of funding, \$794,904.65. The City's contribution and investment of \$250,000 to this regional effort supports long-term resiliency of our region and economic development.

KYUK RADIO TOWER PROJECT

WHO WE ARE

Since 1971, KYUK has been a part of the rich history of the Yukon Kuskokwim (Y-K) Delta, delivering bi-lingual local, statewide, and national news and information, public affairs programs, NPR and PBS programming, weather, safety alerts, and music.

KYUK's AM signal reaches Alaskans no other media outlet can. We serve the Bethel and Kusilvak census areas, where nearly 90% of the population is Alaska Native, with around half of the residents speaking a Native language within households. The Knight Foundation describes our region as a "news desert". We are the only regional news outlet in our area, and one of the few news organizations still standing in rural Alaska.

As we've seen during the COVID-19 pandemic, health organizations, governments, non-profits and businesses have found great value in using our airwaves to deliver critical information. Where isolated communities are separated by miles of tundra, they remain connected through radio. KYUK provides connection and security, while celebrating and honoring the region's people and culture.

THE PROJECT

In April 2020, during a routine, professional inspection, we discovered the KYUK AM radio tower is becoming unstable. It's sinking into the thawing permafrost. The tower has served the region for decades, but its useful life is quickly coming to an end.

We've made repairs to ensure continued broadcast services, for now. These repairs are temporary and must be monitored on a monthly basis. It's a matter of time until it becomes unsafe, and unfit for broadcast.

To ensure continued broadcast services for Bethel and the Y-K Delta, KYUK is seeking funding to assist with the replacement of its AM radio tower. Building a new tower will take financial support from many partners. The Bethel Community Service Foundation has opened a special fund for this project. We hope to break ground on the new tower as soon as possible, hopefully before the winter of 2021 if the financial support is in place. Delays could push the project into the summer of 2022.

BUDGET

SHANE IVERSON
GENERAL MANAGER
907-545-5337
SHANE@KYUK.ORG

Foundation Engineering & Design	\$80,000
Foundation Labor & Material	\$275,000
AM Radio Tower	\$200,000
