NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF BETHEL,

The property located at 621 Setter Bethel, Alaska, with the legal description stated above, is declared a public nuisance, fire hazard, and health hazard. The Council hereby makes the following findings of fact and conclusions of law, and issues the following orders:

I. FINDINGS OF FACT AND CONCLUSIONS OF LAW

1. Titles 15, 16, 17, and 18 of the Bethel Municipal Code require the City to enforce platting, land use, and site development code provisions in order to promote a logical growth pattern within the city and the economic extension of public services and facilities; encourage the most appropriate use of land throughout the city; reduce congestion in the streets; enhance safety from fire, flooding and other dangers; provide adequate light, air and open space; preserve property values; prevent the overcrowding of the land; avoid undue concentration of population; facilitate adequate provisions for transportation, water, sewage, drainage, schools, parks and other facilities; assure that development does not adversely affect either the ability of the city to deliver public services or the safety of property and the health, safety and welfare of persons; assure that the burdens placed on public facilities by development are borne by the development; and promote the public health, safety and welfare.
2. The City Manager's report is **substantially correct in all material respects** as required for the declaration of a fire hazard, health hazard, or public nuisance at the property under BMC 15.04.010(D).
3. BMC 15.04.040 defines "**fire hazard**" as "any structure, which, for want of proper repairs, or by reason of age or dilapidated condition, or by reason of poorly installed or defective electrical wiring or equipment, defective chimneys, defective heating apparatus or any other cause or reason, is especially liable to fire, or which building or structure is so situated and occupied as to endanger any other structure or property or human life. Such term shall also mean and include any structure containing any combustible or explosive material, rubbish, rags, waste, oils, gasoline or inflammable substance of any kind, especially liable to cause fire or endanger the safety of such structure, premises, or human life. Such term shall also mean and include any situation or condition in which any combustible or explosive material, rubbish, rags, waste, oils, gasoline or inflammable substance of any kind is especially liable to cause or spread fire or endanger the safety of any structure, premises or human life."
4. The Council finds that the property presents a **fire hazard** as defined in BMC 15.04.040 and Section 304 of the International Fire Code **due to the presence of:** junk vehicles, tires, and trash that can easily catch fire and produce toxic smoke as well as the accumulation of wastepaper, wood, litter or combustible or flammable waste, and the improper storage of snow machines and appliances that contain flammable fluids such as gasoline or oil.

Introduced by: Mayor Henderson
Date: May 13, 2025
Action: Passed
Vote: 6-0

5. BMC 15.04.040 defines "**health hazard**" as "any parcel or structure which is in a filthy or unsanitary condition especially liable to cause the spread of contagious or infectious disease or diseases or permits foul odors or obnoxious or poisonous gases to escape from such parcel or structure."
6. The Council finds that the property presents a **health hazard** as defined in BMC 15.04.040 **due to the presence of:** trash, waste, and abandoned appliances that collect stagnant water and can breed mosquitoes, leading to public health risks; decomposing organic matter that can attract rodents, insects, and other vermin that encourage disease transmission; and lack of active water or sewer service that creates and unsanitary living environment and potential contamination risks.
7. BMC 15.04.040 defines "**public nuisance**" as "any parcel or structure the condition of which is such as to likely endanger the safety of persons or property of persons other than the owner of the building or structure, whether because of damage, deterioration, dilapidation, or other cause, whether or not the fault of the owner."
8. BMC 16.12.30 further defines "**nuisance**" as activity which arises from unreasonable, unwarranted or unlawful use by a person of property, which interferes with, obstructs or injures the right of another, or the public, in the use or enjoyment of property, endangers personal health or safety or produces material annoyance, inconvenience and discomfort.
9. The Council finds that the property presents a **nuisance** and a **public nuisance** as defined in BMC 15.04.040 and 16.12.030 **due to the presence of:** abandoned vehicles, snow machines, trash, tires, appliances, and other refuse scattered across the lot in violation of BMC 16.04.010.
10. BMC 13.4.025 and 13.08.035 require the property owner to sign up for **city utility services**. The Council finds that the property owner has not signed up for city utility services as required by the foregoing code provisions.

II. ORDERS OF THE CITY COUNCIL

1. Pursuant to BMC 15.04.020(A), the City Council ORDERS the property owner to abate the hazards and nuisances, including but not limited to the following, on the following timelines:
 - **Within thirty (30) days:**

 3. If the hazards and public nuisance are not abated by the imposed deadlines, the City may initiate abatement of its own volition as stated in BMC 15.04.020(D) and (E), and the cost of correcting the condition **shall be a lien against the land**, subject to recording and foreclosure as provided in BMC 15.04.020(G).
 4. The City Clerk is directed to, at minimum, cause a copy of this Order to be conspicuously posted on the property and to mail a copy to the property owner.
