Uniform Crime Reporting

Introduction to the Program

The Uniform Crime Reporting (UCR) Program is a nationwide cooperative effort by federal, state, city, county and tribal law enforcement agencies to report data on crimes reported in their jurisdiction. The International Association of Chiefs of Police (IACP) developed this methodology for crime reporting in response to the need for national crime statistics, and in 1930, the Federal Bureau of Investigation (FBI) assumed administrative responsibility for the UCR Program. The data provides the information necessary to gain a basic understanding of the nature and scope of the nation's crime problem.

The submission of data regarding crimes committed within the agency's jurisdiction is required by Alaska Statute (AS) 12.62.130. Since June of 1982, the Department of Public Safety (DPS) has administered the UCR Program for the State of Alaska. The Criminal Records and Identification Bureau, located within the Division of Statewide Services, is responsible for collecting, tabulating, reporting, and publishing the UCR data provided by state and local law enforcement agencies. The submitting agencies retain responsibility for the accuracy of their data, and DPS conducts biennial audits with each agency to ensure data is collected and reported in accordance with the national UCR program guidelines.

The FBI identified ten offense categories, selected because of their seriousness and frequency, as crime index offenses. These ten offenses are referred to as Part I offenses by the FBI. The UCR Program collects and reports all Part I offenses that become known to law enforcement, whether or not they involve arrests. Offenses which do not fit into the Part I offense classification are considered Part II offenses. The UCR Program only collects arrest data for Part II offenses in addition to the Part I offense and arrest data.

Part I offenses contain both violent crimes (crimes against people) and property crimes. The FBI's crime

index includes murder, rape, robbery, aggravated assault, and human trafficking in the violent crime category, and burglary, larceny/theft, motor vehicle theft, and arson in the property crime category. While the FBI generally classifies robbery as property crime, due to the violent nature of this offense it is included in the violent crime calculations. Additionally, human trafficking offenses are not included in the calculation of the violent crime rate or violent crime index on either the state or national level.

Monthly crime statistics are forwarded to the FBI for inclusion in its annual Crime in the United States publication and are used to compile the annual Crime in Alaska publication. This document is a major resource for measuring the trend and distribution of crime in Alaska.

In 2019, thirty-two agencies reported crime data to DPS, and all thirty-two agencies provided twelve months of crime data to the department. These agencies represent 99.5% of the state's population.

Non-contributing agencies are defined as those law enforcement agencies listed as active law enforcement agencies by the [Alaska Police Standards Council](#) but did not contribute to the state 2019 UCR data collection effort.

Alaska Population Demographics¹

These demographic figures are from 2018 US Census data and are the most current population estimates that include age, sex, and race breakdowns.

Preliminary US Census population estimates for 2019 provided by the FBI (which do not include age, sex, and race breakdowns) are used to derive crime rates for 2019.

Sex

Total population 2018	738,516
Male	385,579
Female	352,937

Race²

White	478,834
American Indian/Alaska Native	106,660

Black or African American	24,129
Pacific Islander	8,849
Other Race / Two or more Races	73,488

¹ Source: [US Census 2018 American Community Survey 5-Year Estimates](#)

² The race designations "two or more races" and "some other race," while included in US Census data, are not collected in the state or federal UCR program.

Alaska's Crime Clock in 2019

¹ The Crime Clock should be viewed with care. Being the most aggregate representation of UCR data, it is designed to convey the annual reported crime experience by showing the relative frequency of occurrence of the Index Offenses. This mode of display should not be taken to imply regularity in the commission of the Crime Index Offenses; rather, it represents the annual ratio of crime to fixed time intervals.

Alaska Crime Rate & Index

Definition

The crime index is composed of selected offenses used to gauge fluctuations in the overall volume and rate of crime reported to law enforcement. The offenses included are violent crimes of murder and non-negligent manslaughter, rape, robbery, aggravated assault, and property crimes of burglary, larceny/theft, motor vehicle theft, and arson.

Crime in Alaska defines all violent crime as involving force or threat of force whereas the objective of property crime is the taking of money or property without force or threat of force against the victim.

Summary

The calculations represented in Crime in Alaska are made utilizing the index offense totals for the current and previous year as well as population estimates provided by the FBI. The overall violent crime and property crime indices decreased in 2019. The crime rate, which relates the incidence of crime to population, experienced similar fluctuations as the index totals. All facts are important to consider when reviewing the fluctuations in the crime index and rate variances between 2018 and 2019. Caution should be exercised when comparing data from year to year and making conclusions.

Crime Index 2015 - 2019

Number of Offenses Reported
Five-year median¹

Total Offenses Reported

In 2019, the total number of offenses reported decreased 10.1% from 2018. This reflects the second lowest number of reported offenses in five years, behind 2015. Murder and Arson are the only reported offenses showing an increase over 2018.

Violent Crime Reported

In 2019, the total number of violent crimes reported decreased 2.6% from 2018. Over the last five years, the highest number of reported violent crime offenses occurred in 2018. Rape offenses reported to law enforcement in 2019 decreased for the first time since 2013.

Property Crime Reported

In 2019, the total number of property crimes reported decreased 12.1% from 2018. Arson is the only property crime with an increase in reported offenses. Motor Vehicle Theft offenses reported were at the lowest level since 2015.

In 2019, Alaska's reported violent crime rate decreased 1.8%. The murder rate and a marginal increase in the aggravated assault rate were offset by decreases in the rape and robbery crime rates.

Property Crime Rate

In 2019, Alaska's property crime rate decreased 11.4%. In the last five years, only 2015 had a lower reported property crime rate. Motor Vehicle Theft offenses saw a 34.1% crime rate decrease in 2019.

Murder & Non-Negligent Manslaughter

Definition

The National Uniform Crime Reporting (UCR) Program defines murder and non-negligent manslaughter as the willful (nonnegligent) killing of one human being by another. The classification of this offense is based solely on police investigation as opposed to the determination of a court, medical examiner, coroner, jury, or other judicial body. The UCR Program does not include the following situations in this offense classification: deaths caused by negligence, suicide, or accident, and justifiable homicides. Attempts to murder or assaults to murder are classified as aggravated assault.

Summary

A total of 70 murders were reported in 2019. This represents 1.1% of the violent crimes and 0.3% of the total crime index offenses. The number of murders increased 48.9% between 2018 and 2019. Of the identified suspects, 6% were juveniles (down from 9% of suspects in 2018), 81% were over eighteen, and 13% were unknown suspects. Of the victims, 4% were juveniles (down from 6% in 2018). While only 10% of the suspects were female, 36% of the victims were female. The most frequently reported relationship between the suspect and the victim was acquaintance.

Rape

Definition

The National Uniform Crime Reporting (UCR) Program defines rape as penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. This definition includes either gender of victim or offender. This definition also includes instances in which the victim is incapable of giving consent because of temporary or permanent mental or physical incapacity (including due to the influence of drugs or alcohol) or because of age. Attempts or assaults to commit rape are also included in the statistics presented here; however, statutory rape and incest are excluded.

Summary

A total of 1,101 rapes were reported in 2019; 72 attempted rapes were reported and are included in this total. This represents 17.4% of all violent crime, and 4.0% of all crime reported in Alaska.

The number of reported rapes decreased 7.3%, and the rate of rape per 100,000 persons decreased 6.6% from 2018 to 2019. This is the first time in five years there has been a decrease in the number and rate of reported rapes. The rate of rape offenses also decreased for the first time in five years. In 2019, males accounted for 96% of reported arrestees, a slight decrease over 2018 male arrestees (97%).

¹ A note on arrests: The reporting agencies provide a record of the total number of persons arrested, cited, or summoned (served) for criminal acts in all Part I and Part II crimes. In addition, the agencies furnish basic data concerning the personal characteristics—age, sex, race, and ethnicity—of persons arrested in a particular month. The UCR program collects data on the number of persons arrested, not the number of charges lodged. For example, a person may be arrested on several charges at one time; in this situation, the agency only scores one arrest under the most severe offense category as determined by the agency.

Robbery

Definition

The National Uniform Crime Reporting (UCR) Program defines robbery as the taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear. Robbery is a type of theft committed in the presence of the victim. The victim is directly confronted by the offender and is threatened with force or is put in fear that force will be used. Robbery involves a theft or larceny but is aggravated by the element of force or threat of force. While the FBI generally classifies robbery as property crime, due to the violent nature of this offense it is included in the violent crime calculations.

Summary

A total of 827 robberies were reported in 2019. Attempted robberies are included in this total. This represents 13.0% of all violent crime, and 3.0% of all crime reported in Alaska. The number of reported robberies decreased 7.7%, and the rate of robberies per 100,000 persons decreased 6.9% from 2018 to 2019. Of the reported robberies, the majority (55%) involved use of hands, fists, or feet as weapon, commonly referred to as strong arm robbery. Arrest data shows that 74% of the persons arrested for robbery were male, and 93% were adults. The total property loss associated with robbery offenses in 2019 was \$687,269, up from \$573,726 in 2018.

Aggravated Assault

Definition

The National Uniform Crime Reporting (UCR) Program defines aggravated assault as an unlawful attack by one person upon another to inflict severe or aggravated bodily injury. The UCR Program further specifies this type of assault is usually accompanied by the use of a weapon or by other means likely to produce death or great bodily harm. Attempted aggravated assault that involves the display of, or threat to use, a gun, knife, or other dangerous weapon is included in this crime category because serious personal injury could likely result if the assault were completed. Attempts to murder are also included in this offense category.

Summary

A total of 4,344 aggravated assaults were reported in 2019. This represents 68.5% of all violent crime and 15.6% of all crime reported in Alaska. The number of reported assaults decreased 0.8% and the rate of assaults per 100,000 persons increased 0.1% from 2018 to 2019.

While not included in crime calculations, there were 10,001 offenses of simple assault reported in 2019. Simple assault includes all assaults which do not involve the use of a firearm, knife, cutting instrument, or other dangerous weapon and in which the victim does not sustain serious or aggravated injuries.

Burglary

Definition

The Uniform Crime Reporting (UCR) Program defines burglary as the unlawful entry of a structure to commit a felony or theft. To classify an offense as a burglary, the use of force to gain entry need not have occurred. The UCR Program has three sub classifications for burglary: forcible entry, unlawful entry where no force is used, and attempted forcible entry. The UCR definition of “structure” includes, for example, an apartment, barn, house trailer or houseboat (when used as a permanent dwelling), office, stable, vessel (e.g., ship), or a warehouse. Tents, tent trailers, motor homes, house trailers, or other mobile units being used for recreational purposes are not considered structures.

Summary

A total of 3,557 burglaries were reported in 2019. This represents 16.6% of all property crime, and 12.8% of all crime reported Alaska. This marks the second straight year in decreased reports of burglary offense to law enforcement. The number of reported burglaries decreased 10.5% from 2018 to 2019, and the rate of burglaries per 100,000 persons decreased 9.8%.

Of the reported burglaries, 60% were of residential structures. In residential burglaries when the time of the offense was known, the majority (54%) occurred during the day. The total property loss associated with burglary in 2019 was over \$8.5 million.

Larceny

Definition

The Uniform Crime Reporting (UCR) Program defines larceny-theft as the unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. All thefts are included in this category with one exception: motor vehicle theft. Because of the high volume of motor vehicle thefts, this crime has its own offense category. Contributing agencies do not classify larceny offenses of embezzlement, fraud, counterfeiting, obtaining money by false pretenses, larceny by check, larceny by bailee, or check fraud. Each of these crimes falls within one of the Part II offense categories.

Summary

A total of 15,095 larcenies were reported in 2019. This represents 70.3% of all property crime, and 54.3% of all crime reported in Alaska. The number of reported larcenies decreased 7.5%, and the rate of larcenies per 100,000 persons decreased 6.8% from 2018 to 2019. This marks the second straight year of a decrease in the number of reported larceny offenses.

The most common larceny type was shoplifting (31% of all larcenies). Arrest data shows that 62% of the persons arrested for larceny were male, and 92% were adults. The total property loss associated with larceny in 2019 was just over \$11.2 million, down from \$16.4 million in 2018.

¹ A note on arrests: The reporting agencies provide a record of the total number of persons arrested, cited, or summoned (served) for criminal acts in all Part I and Part II crimes. In addition, the agencies furnish basic data concerning the personal characteristics—age, sex, race, and ethnicity—of persons arrested in a particular month. The UCR program collects data on the number of persons arrested, not the number of charges lodged. For example, a person may be arrested on several charges at one time; in this situation, the agency only scores one arrest under the most severe offense category as determined by the agency.

Motor Vehicle Theft

Definition

The Uniform Crime Reporting (UCR) Program defines motor vehicle theft as the theft or attempted theft of a motor vehicle; a motor vehicle is a self-propelled vehicle which runs on land surfaces and not on rails. Examples of motor vehicles include sport utility vehicles, automobiles, trucks, buses, motorcycles, motor scooters, all-terrain vehicles, and snowmobiles. Motor vehicle theft does not include farm equipment, bulldozers, airplanes, construction equipment or water craft such as motorboats, sailboats, houseboats, or jet skis. The taking of a motor vehicle for temporary use by persons having lawful access is excluded from this definition.

Summary

A total of 2,609 motor vehicle thefts were reported in 2019. This represents 12.2% of all property crime, and 9.4% of all crime reported in Alaska. The number of reported vehicle thefts decreased 34.6%, and the rate of vehicle thefts per 100,000 persons decreased 34.1% from 2018 to 2019. This is a significant decrease and marks the second straight year in decreased reports of this offense.

Arrest data shows that 72% of the persons arrested for vehicle theft were male, and 89% were adults. The total property loss associated with motor vehicle theft in 2019 was nearly \$17.3 million, down from \$27.0 million in 2018.

Arson

Definition

Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc. Contributing agencies report as arson only fires determined through investigation to have been willfully or maliciously set. Attempts to burn are included in this offense, but fires of suspicious or unknown origins are not. Agencies classify one offense for each distinct arson operation originating within the reporting jurisdiction. If arson is perpetrated in one locale and spreads to another, the jurisdiction in which the fire originated reports it.

Summary

A total of 208 arsons were reported in 2019. This represents 1.0% of all property crime, and 0.7% of all crime reported in Alaska. The number of reported arsons increased 63.8% to its highest reported level in five years, and the rate of arsons per 100,000 persons also increased to 65.1% from 2018 to 2019. The majority (53%) of arsons were of structures. Arrest data shows that 65% of the persons arrested for arson were male, and 75% were adults, reversing the trend from 2018 in which more juveniles were arrested than adults. The total property loss associated with arson in 2019 was just over \$12 million.

Appendix: Offenses in Uniform Crime Reporting

The Uniform Crime Reporting (UCR) Program divides offenses into two groups, Part I and Part II crimes (offenses). Each month, participating law enforcement agencies submit information on the number of Part I offenses known to them; those offenses cleared by arrest or exceptional means; and the age, sex, and race of persons arrested for each of the offenses. Contributors provide only arrest data for Part II offenses.

The UCR Program collects data about Part I offenses in order to measure the level and scope of crime occurring throughout the Nation. The Program's founders chose these offenses because they are serious crimes, they occur with regularity in all areas of the country, and they are likely to be reported to police. Part I and Part II offenses are defined below.

Part I offenses:

Criminal homicide: a) Murder and non-negligent manslaughter: the willful (non-negligent) killing of one human being by another. Deaths caused by negligence, attempts to kill, assaults to kill, suicides, and accidental deaths are excluded. The Program classifies justifiable homicides separately and limits the definition to: (1) the killing of a felon by a law enforcement officer in the line of duty; or (2) the killing of a felon, during the commission of a felony, by a private citizen. b) Manslaughter by negligence: the killing of another person through gross negligence. Deaths of persons due to their own negligence, accidental deaths not resulting from gross negligence, and traffic fatalities are not included in the category Manslaughter by Negligence.

Rape (2013): Penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ or another person, without consent of the victim. This definition includes either gender of victim or offender. This definition also includes instances in which the victim is incapable of giving consent because of temporary or permanent mental or physical incapacity (including due to the influence of drugs or alcohol) or because of age. Physical resistance is not required on the part of the victim to demonstrate lack of consent. Statutory offenses (no force used – victim under age of consent) are excluded.

Robbery: The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Aggravated assault: An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. Simple assaults are excluded.

Burglary (breaking or entering): The unlawful entry of a structure to commit a felony or a theft. Attempted forcible entry is included.

Larceny-theft (except motor vehicle theft): The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. Examples are thefts of bicycles, motor vehicle parts and accessories, shoplifting, pocket-picking, or the stealing of any property or article that is not taken by force and violence or by fraud. Attempted larcenies are included. Embezzlement, confidence games, forgery, check fraud, etc., are excluded.

Motor vehicle theft: The theft or attempted theft of a motor vehicle. A motor vehicle is self-propelled and runs on land surface and not on rails. Motorboats, construction equipment, airplanes, and farming equipment are specifically excluded from this category.

Arson: Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Human Trafficking – Commercial Sex Acts (2013): Inducing a person by force, fraud, or coercion to participate in commercial sex acts, or in which the person induced to perform such act(s) has not attained 18 years of age.

Human trafficking – involuntary servitude (2013) : The obtaining of a person(s) through recruitment, harboring, transportation, or provision, and subjecting such persons by force, fraud, or coercion into involuntary servitude, peonage, debt bondage, or slavery (not to include commercial sex acts).

Part II offenses:

Other assaults (simple): Assaults and attempted assaults which are not of an aggravated nature and do not result in serious in-jury to the victim. Stalking, intimidation, coercion, and hazing are included.

Forgery and counterfeiting: The altering, copying or imitating of something, without authority or right, with the intent to deceive or defraud by passing the copy or thing altered or imitated as that which is the original or genuine; or the selling, buying, or possession of an altered, copied, or imitated thing with the intent to deceive or defraud. Attempts are included.

Fraud: The intentional perversion of the truth for the purpose or including another person or other entity in reliance upon it to part with something of value or to surrender a legal right. Fraudulent conversion and obtaining money or property by false pre-tenses. Confidence games and bad checks, except forgeries and counterfeiting, are included.

Embezzlement: The unlawful misappropriation or misapplication by an offender to his/her own use or purpose of money, property, or some other thing of value entrusted to his/her care, custody, or control.

Stolen property (buying, receiving, possessing): Buying, receiving, possessing, selling, concealing, or transporting any property with the knowledge that it has been unlawfully taken, as by burglary, embezzlement, fraud, larceny, robbery, etc. Attempts are included.

Vandalism: To willfully or maliciously destroy, injure, disfigure, or deface any public or private property, real or personal, without the consent of the owner or person having custody or control by cutting, tearing, breaking, marking, painting, drawing, covering with filth, or any other such means as may be specified by local law. Attempts are included.

Weapons (carrying, possessing, etc.): The violation of laws or ordinances prohibiting the manufacture, sale purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices, or other deadly weapons. Attempts are included.

Prostitution and commercialized vice: The unlawful promotion of or participation in sexual activities for profit, including attempts.

Assisting and promoting prostitution (2013): Soliciting customers or transporting person for prostitution purposes, to own, manage, or operate a dwelling for the purpose of providing a place where prostitution is performed, or to otherwise assist or promote prostitution.

Purchasing prostitution (2013): Purchasing or trading anything of value for commercial sex acts.

Sex offenses (except rape, prostitution, and commercialized vice): Offenses against chastity, common decency, morals, and the like. Incest, indecent exposure, and statutory rape are included. Attempts are included.

Drug abuse violation: The violation of laws prohibiting the production, distribution, and/or use of certain controlled substances. The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation, or importation of any controlled drug or narcotic substance. Arrests for violations of state and local laws, specifically those relating to the unlawful possession, sale, use, growing, manufacturing and making of narcotic drugs. The following drug categories are specified: opium or cocaine and their derivatives (morphine, hero-in, codeine); marijuana; synthetic narcotics – manufactured narcotics that can cause true addiction (demerol, methadone); and dangerous non-narcotic drugs (barbiturates, benzedrine).

Gambling: To unlawfully bet or wager money or something else of value; assist, promote, or operate a game of chance for money or some other stake; possess or transmit wagering information; manufacture, sell, purchase, possess, or transport gambling equipment, devices, or goods; or tamper with the outcome of a sporting event or contest to gain a gambling advantage.

Offenses against family and children: Unlawful nonviolent acts by a family member (or legal guardian) that threaten the physical, mental, or economic well-being or morals or another family member and are not classifiable as other offenses, such as Assault or Sex Offenses. Attempts are included.

Driving under the influence: Driving or operating a motor vehicle or common carrier while mentally or physically impaired as the result of consuming an alcoholic beverage or using a drug or narcotic.

Part II offenses, continued:

Liquor laws: The violation of state or local laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, or use of alcoholic beverages, not including driving under the influence and drunkenness. Federal violations are excluded.

Drunkenness: To drink alcoholic beverages to the extent that one's mental faculties and physical coordination are substantially impaired. Driving under the influence is excluded.

Disorderly conduct: Any behavior that tends to disturb the public peace or decorum, scandalizes the community, or shock the public sense of morality.

Vagrancy: The violation of a court order, regulation, ordinance, or law requiring the withdrawal of persons from the streets or other specified areas; prohibiting persons from remaining in an area or place in an idle or aimless manner; or prohibiting persons from going from place to place without visible means of support.

All other offenses: All violations of state or local laws not specifically identified as Part I or Part II offenses, except traffic violations.

Suspicion: Arrested for no specific offense and released without formal charges being placed.

Curfew and loitering laws (persons under age 18): Violations by juveniles of local curfew or loitering ordinances.

Runaways (persons under age 18): Limited to juveniles taken into protective custody under the provisions of local statutes.

2019 FELONY LEVEL SEX OFFENSES

Program Overview

The Department of Public Safety (DPS) is tasked with collecting information on felony level sex offenses reported to state and local law enforcement agencies, as defined by Alaska Statute (AS) 12.63.100, and as required by AS 12.62.130. This is a required reporting program for state and local law enforcement agencies and is in addition to the requirements for Uniform Crime Reporting (UCR).

The Felony Sex Offense (FSO) database is a repository maintained by DPS for state and local law enforcement agencies to record reports of felony level sex offenses within their jurisdiction based on State of Alaska statutes. Data elements collected include victim and suspect demographics, victim/suspect relationships, offense location, weapon type used, and the associated statute violation.

Caution should be exercised in comparing data between Felony Sex Offense statistics, Uniform Crime Reporting, and the Alaska Victimization Survey; they are separate data collection efforts with different methodologies in aggregating incidents, offenses, and victims.

The [Uniform Crime Reporting \(UCR\) Program](#) is a nationwide cooperative effort by federal, state, city, county and tribal law enforcement agencies to report data on crimes reported in their jurisdiction. The national program is managed and maintained by the Federal Bureau of Investigation (FBI). Since June of 1982, the Department of Public Safety (DPS) has administered the UCR Program for the State of Alaska. The current UCR program data collection methodology is focused on the number of times a person is victimized, while the FSO program focus is to collect information about an incident. For example, a person sexually assaulted multiple times by a single offender would likely result in multiple rape offenses reported to the UCR program, but the same situation would be reported in the FSO database as one incident with a single victim and multiple statute violations reported. Additionally, the FSO database can capture data elements for each reported sex offense not currently captured through the UCR program such as victim and suspect

relationship information, weapon type, and location of the assault. Noting this difference in data collection methodology, the most recent UCR figures reported in the [2019 Crime in Alaska Publication](#) show a 7.3% percent decrease in rape offenses reported to law enforcement from 2018 to 2019.

In 2009, the Alaska Senate Judiciary Committee tasked the legislature to fund a victimization survey to determine the rate of both reported and unreported sexual assaults in Alaska. [The Alaska Victimization Survey](#) (AVS) is conducted by the University of Alaska Anchorage Justice Center, with oversight by the Council on Domestic Violence and Sexual Assault (CDVSA), a council within DPS. The survey is modeled after the national survey conducted by the Centers for Disease Control and Prevention. The AVS is comprised of a telephone survey of adult women aged 18 and over; the UCR program and the FSO database collect all offense and incident information reported to law enforcement. Noting this difference in data collection methodology, the most recent AVS results from 2015 show a decline in intimate partner and sexual violence since 2010.

It is important to note the incidents reported to the FSO program were documented at the initial reporting stage of the investigation by law enforcement. Agencies are instructed to report information when a felony level sex offense becomes known to law enforcement. The FSO database does not currently track the life cycle of an incident, but it does provide insight into the volume and type of felony level sex offenses being reported to law enforcement.

Additionally, some data elements of a reportable incident are optional. Not all reported incidents will include location, weapon, relationship, or victim/suspect demographics, and even when provided, may be reported as unknown as is common with child pornography incidents. A single incident may also involve multiple victims or offenders, as well as multiple statute violations.

This is the fifth year that findings from this database have been published.

> The region of Western Alaska reported the highest rate of felony level sex offense incidents statewide, while Southcentral Alaska reported the lowest rate.

> Nearly 52% of all reported victims were juveniles.

> Victims under the age of 11 reported being assaulted by a family member in 54% of reported offenses. Family member for this age group includes siblings, parents, grandparents, and other family relationships.

> Alaska Native females were reported to have the highest victimization rate of any gender or racial group, comprising 50.4% of all reported victims.

> The median age of female victims was 18, while the most common age was 15.

> The median age of male victims was 10, while the most common age was 5.

> In the reported relationships between the victims and suspects, 11% identified the suspect as a stranger. With victims under the age of 11, less than 2% of the reported relationship involved a stranger, whereas 17% of victims aged 18 and over reported the suspect was a stranger.

¹ Not all reported incidents included victim demographics. Some incidents involve multiple victims and/or multiple suspects.

² In 2015, the Anchorage Police Department reported only the number of incidents with the corresponding statute violation and did not include victim, suspect, location, relationship, or weapon data.

While agencies in the Anchorage area reported the highest volume of incidents (50% of the state total), the Western Alaska region reported the highest rate of incidents based on population.

Both the Anchorage area and Western Alaska have reported rates higher than the statewide rate.

Southcentral Alaska reported the lowest rate of any region statewide, and Southeast Alaska reported the fewest number of incidents statewide (excluding the Specialized Agencies).
